Asbir Foreign Trade Company was established as a part of Erhas Group of Companies in 2008. Our company's mission is to manage the marketing and sales activities of the main products of the group that we have produced since 1995 and other agricultural and industrial products that we provide solutions from our solution partners, in order to reach end users through our wide network in Turkey. Our extensive network in more than 60 countries, which we have established around the world, and to help realize the international investments of the group and subsidiaries.

Asbir has three factories in Turkey, a factory in Algeria and an office in Spain.
